Proposal for ScoreHub Management
System Implementation

Proposal Introduction and Logistics

PROPOSAL: IMPLEMENTATION OF THE
SCOREHUB MANAGEMENT SYSTEM

To: The Headteacher / School Board

From: FREESKY INNOVATIONS (ZPPA Reg:
131563)

Date: February 3, 2026

Subject: Proposal for Digitizing School Records via ScoreHub

Executive Summary of the ScoreHub System

Executive Summary of ScoreHub System

EXECUTIVE SUMMARY

FREESKY INNOVATIONS is a ZPPA-registered, Citizen-Owned Zambian firm.

We are pleased to introduce ScoreHub, a specialized school management system designed to streamline grading, attendance, and administrative reporting.

By adopting ScoreHub, [School Name] will move from manual paper-based tracking to a secure, audit-ready digital

environment.

Implementation Scope and Phases

Implementation Phases and Scope

SCOPE OF WORK (SOW)

The implementation of ScoreHub will be managed in the following phases:

Phase 1: System Configuration: Tailoring ScoreHub to match the school's specific curriculum and department structures.

Implementation Phases and Support

Phase 2: Data Migration: Securely uploading existing student lists and teacher profiles into the system.

Phase 3: Personnel Training:
Comprehensive training for the ICT department, school secretary, and teaching staff on generating reports and entering scores.

Phase 4: Ongoing Support: Providing technical maintenance and security updates throughout the subscription period.

Subscription and Pricing Model Explained

ScoreHub Subscription and Pricing

SUBSCRIPTION & PRICING MODEL

ScoreHub operates on a highly affordable Subscription-as-a-Service (SaaS) model designed to be accessible for government secondary schools.

Rate: K1.00 per student, per term.

Billing: Invoiced at the start of each term based on the current student enrollment.

Inclusions: The subscription fee covers software access, secure data hosting, and technical support.

Example for a school of 1,000 students:
Total cost = K1,000 per term.
